

Ten EU truths we must tell the public

1. The leaderships of the Conservative, Labour and Lib Dem parties have been taken over by pro-Europeans. These leaderships implement the EU's policy, and ignore the wishes of their voters. That's why your vote doesn't make a difference.
2. The six European Union treaties give it the constitution of a dictatorship, and the laws of a police state. Dictatorships lead to oppression and poverty. Politicians conceal the EU's Constitution is similar to the old Soviet Union's.
3. The Queen has signed all six EU constitutional treaties. These treaties make it clear the EU will abolish the nations of Britain and England (and our Lib-Dem, Labour and Conservative parties, Lisbon Treaty clause 8A-4).
4. The EU is illegal under British law. Five Prime Ministers and the Queen have committed six acts of Treason by signing the EU treaties which will abolish our nation and replace it with the EU; they secretly repealed two of the five laws of treason in the 1998 Crime and Disorder Act (s36.3) to escape a prosecution.
5. The police state growing around you, and reported on by some national newspapers, is the EU police state. We've been in the EU for 36 years, we are harmonising our laws with the EU, the emerging police state is the result.
6. Political correctness, the undermining of parents, the family and teachers, the teaching of sex and homosexuality to under tens, the promotion of single parent families etc. etc. is subversion by the EU or its Common Purpose organisation over the last 34 years, using the 200+ techniques of the German Frankfurt School.
7. The EU will be an economic disaster. We now lose £45 billion a year trading with Europe; before we joined we broke even. The EU's 120,000 regulations cost us £100 billion a year (Better Regulation Commission Annual Report 2005); they will bring us a soviet style command economy and poverty. Our politicians lied to us.
8. If you have voted Conservative, Labour or Lib Dem over the last 35 years **you** have voted **for** the EU police state, and for the abolition of your own party.
9. German Chancellor Angela Merkel forced the Reform or Lisbon Treaty on us (passed by Westminster 21st January, 138 majority) which replaced the British Constitution with the EU's on 1st January 2009. Westminster is now powerless and defunct. The EU treaties don't allow for a British General Election, due by 5th May 2010, when the EU will have the power to abolish Westminster. You will then be imprisoned inside the EU police state, and ruled by unelected EU dictators, who will control the nuclear weapons of what used to be Britain and France.
10. Britain is the fifth largest economy amongst the world's 200 nations. Forget elections and parties, whose leaderships are controlled by the EU. Fight the direct anti EU campaigns on the eutruth website to get Britain back before its too late. We need a General Strike against the EU. Start by visiting your local MP and warn him he will lose his £240,000 salary and expenses when the EU closes Westminster.
